

ENDED HER LIFE

Mrs. Mary Handley Sends a Bullet Through Her Heart.

HER MIND IMPAIRED BY LONG ILLNESS

The Act Evidently Determined Upon Some Days Ago.

THE CORONER'S ACTION

This morning about 8 o'clock Capt. Dickinson, who lives at No. 519 7th street northeast, called at the ninth police station and reported the sudden death of Mrs. Mary Handley, wife of Edward Handley, who lives at No. 521 7th street. It required but a short investigation to learn that the woman's death was due to violence. She had committed suicide by sending a bullet from a heavy Colt's revolver through her heart. The causes which led to the perpetration of the deed make the case a peculiarly sad one.

A Confirmed Invalid for Years.

Mrs. Handley, who was upward of forty years of age, had been a confirmed invalid for several years, and her mind had become impaired. She had been an energetic and hard-working woman, and it is thought that she was rendered an invalid by overwork. On two occasions she was sent to a private institution in Baltimore for treatment because of her nervous condition, and when she returned home the last time she seemed very much improved. The marked improvement in her condition had led her very close friends and relatives, and it was hoped that she would fully recover, but last winter she lost an interesting daughter, which proved a serious blow.

The Act Premeditated.

The invalid evidently contemplated taking her life some weeks ago, for she remarked to a friend: "I wonder if the Lord will forgive me if I take my life?" A few days ago she had Miss Dickinson remove some goods in a closet, and in doing so the young lady came across a heavy Colt's revolver, about the danger of which she made a remark.

But Miss Dickinson Preferred to Take No Chances With the Weapon and So She Put It Back in the Closet.

When this moving was done Mrs. Handley evidently had suicide in her mind, for the removal of the goods left the revolver where she could get it without any difficulty. It was with this pistol that the invalid took her life.

The Fatal Shot.

Mr. Handley works in the government printing office, and goes to work at 8 o'clock. He had left his wife's bedside and gone down stairs to eat his breakfast before going to work, and was seated at the breakfast table when he heard the report of the pistol.

Without a Moment's Hesitation He Rushed up the Steps to Where He Had Left His Wife, but When He Reached there He Discovered That His Wife's Agony Was Over.

She was on the bed, and a heavy pistol was near her side. The bullet had passed through her heart, and life was extinct. Then Mr. Dickinson, who is a member of his family, went in to render what assistance they could, and, as already stated, the captain reported the case to the police.

No Inquest Held.

Deputy Coroner Glazebrook was notified, and after investigating the case he gave a certificate of death from suicide. Undertaker Wright prepared the body for burial, and the funeral will take place from her late residence tomorrow.

The Death Certificate Gives Her Age as Forty-seven Years and Her Birthplace as New York. She Had Lived Here Thirteen Years. It Was Stated That the Bullet Passed Entirely Through Her Body.

NEW JERSEY REPUBLICANS.

Convention of the State League of Clubs.

TRENTON, N. J., June 26.—The state convention of the League of Republican Clubs of New Jersey met in Taylor's Opera House this morning. Of the 271 clubs in the league not more than 100 were represented. One-half of the clubs in attendance were from Hudson county, a great many of the counties had not a single club present. There was a good deal of friction over the calling of the roll, the large representation from Hudson, which was urging F. J. Higgins for the presidency, causing the clubs from other parts of the state to question whether some of the clubs reported represented had bona fide delegates present.

Secretary Matlack's report showed 271 clubs in the league, with a total membership of over 30,000.

After the secretary's report had been adopted, President Rogers appointed the different committees, and a recess was taken until 2 o'clock. The committee on resolutions had the honor to report the resolutions which will be adopted. The resolutions send greetings to the young republicans who constitute the active workers of the party and uphold the principles of the party, and the work of the committee was completed.

On the money question the resolutions are to be believed the dollar of the laborer and mechanic should be worth as much as the dollar of the capitalist and any attempt to change the credit or currency of the country is a blow at the country's prosperity.

SAYS GORMAN INTERFERES.

Representative Coffin Charges Him With Working for Mr. Malster.

BALTIMORE, Md., June 26.—Charles E. Coffin, republican representative in Congress of the fifth district, in a published interview in the News today, openly accuses Senator Arthur P. Gorman of interfering in the primary election of the party in the interest of Mr. Wm. T. Malster, as the republican candidate for governor and against Mr. Lloyd Lowndes. Mr. Coffin states that the Senator fees Mr. Lowndes popularity and desires the nomination of Mr. Malster.

Senator Gorman Was in Town Today and Held a Long Conference at the Carrollton Hotel with the Democratic State and City Leaders.

Senator Gorman's friends have a great many marries up to the present time and are laying plans to carry those soon to be held. Mr. Brown today reiterated his withdrawal from the contest for renomination.

GOING TO ST. LOUIS

National Rifles Will Drill for Big Prizes.

Features of the Coming Encampment

Sham Battles and Skirmishes—Drum Corps From Here.

The army of the National Rifles presented one of the busiest scenes in the city today. Men were rolling rubber and woolen blankets, fastening straps to blanket bags, making white helmets immaculate, cleaning rifles and otherwise actively preparing for the departure trip of the drill team to the St. Louis interstate drill and encampment, which opens Monday morning.

The company will leave Washington Saturday afternoon at 2:45 o'clock via the Chesapeake and Ohio railroad and is scheduled to reach St. Louis Sunday evening at 6:45 o'clock. The men who will do battle for the Rifles are: J. O. Manson, captain; W. B. Magruder, first lieutenant; C. S. Stokes, second lieutenant; J. H. Barnes, sergeant; J. O. Shilling, corporal; Holmes, Van Vranken, Webb, Albert, Cameron and Young; privates: A. D. Albert, Bailey, Barry, Cannon, Clapper, Davis, Decker, Drury, Du Bois, Duff, Duffey, Evans, Ellis, Ferree, Lowell, Miller, Madrox, Nichols, Owen, Pickett, R. H. Shee, Stark, Threlkeld, Small, G. W. Taylor, R. J. Walker and Jackson. Capt. J. F. Oyster and several members of the staff of the Rifles will accompany the company.

Returning, the Rifles will probably leave St. Louis on the morning of July 8 and reach home the following day, traveling in special Pullman coaches. Although the Rifles have but recently been mustered into the District National Rifle Association, they will have a long and arduous journey through the country of Gen. Ordway and Adj. Gen. Mosher. The Mount Pleasant Drum Corps, which will march with the Rifles, is due in St. Louis about one hour ahead of the Rifles. The youngsters have, for the purpose of their services as escort to Capt. Manson's team to the camp grounds.

The St. Louis drill is attracting widespread attention and will undoubtedly surpass in magnitude the successful Memphis encampment held last month. In the interstate infantry drill the entries include the Branch Guards of St. Louis, from whom the Fencibles won the championship of the United States in 1892, and who took second prize at the Little Rock drill in 1893. The Light Guard of Little Rock, a famous organization, which stood fourth at Little Rock in 1894, and also the Fourth National Guard of St. Louis, noted Belknap Rifles of San Antonio, the first winners of the Galveston semi-centennial championship cup; the Governor's Guard of Kansas City, Mo., and the Louisiana Greys of New Orleans, all winners of prizes in the maiden class at Little Rock; the Fort Worth Rifles of Texas, the Phoenix Light Infantry of Dayton, Ohio; company F, first regiment, Missouri National Guard, of St. Louis, and the Lima City Guards of Lima, Peru.

The Indianapolis Light Artillery, the champion battery of the United States, and the famous "Old Guard" of the United States, what they can do at St. Louis. Secretary Lamont has detailed Lieut. W. F. Hancock, Lieut. D. D. Johnson of the fifth cavalry, and Lieut. W. H. Johnson of the sixteenth infantry to act as judges for the event. Elaborate preparations have been made for the reception and entertainment of the companies, and a grand parade will be a street parade Monday, July 1, the opening day, when it is expected that the thousands of spectators will be in line, headed by several troops of United States cavalry from Jefferson barracks.

A feature of the parade, according to a dispatch from the city, will be the appearance of the celebrated Mt. Pleasant Drum Corps of Washington, D. C., composed of boys under sixteen years of age, who have a national reputation in the matter of drumming. The Rifles will occupy the second day, and on Wednesday, July 3, all the companies will be in the line of the interstate contest. The celebration of the Fourth of July is to occur Thursday, when the artillery will drill, a sham battle will be fought, and a true and magnificent display of fireworks take place at night. The zouave companies will drill Friday, and Saturday will be known as Drill in the maiden infantry class and a review of all the troops be made by Governor Stone and staff, and the visiting governors. Saturday evening there will be a grand night skit. A portion of Sunday will be devoted to religious services, and the closing day of the camps. After dress parade in the evening the most important event of the encampment, the awarding of prizes, is booked to occur.

Battle and Prizes.

In the sham battle and night skirmish 40,000 rounds of ammunition and 300 rounds of artillery cartridges will be used. The prize cup is claimed to be the largest and finest sterling silver prize cup ever designed and made in the west. The management says: "In massiveness, richness and detail, holding the record for the largest and finest execution, particularly of the military emblems, this cup will be without a peer as a military trophy in the United States."

The program for the contest at St. Louis has signified their intention to act as sponsors for the various companies. The judges will be the members of the Rifles, and the Rifles will be in the front rank at all times during the encampment, and their friends in this city have no fear but that they will reflect honor on Washington.

The Monitor Amphitrite.

The double-turreted monitor Amphitrite has been assigned to the North Atlantic squadron. Orders were yesterday issued by her commanding officer to report to Commander-in-Chief Bunch at New York for service on this station under his orders.

Capt. Watson Ill.

Secretary Herbert has received a cable message from the cruiser Ranger, at Guayaquil, Ecuador, saying that Capt. Eugene W. Watson, commanding that vessel, has been taken ill. No particulars are given, and it is believed that Capt. Watson's illness is only of a temporary nature.

MR. TAGGART'S VIEWS

What He Thinks of the Decision of Judge Brown.

IT WILL EMBARRASS JUSTICE HERE

Will Make the District an Asylum for Criminals.

MR. BIRNEY CONCURS

Assistant District Attorney Taggart, speaking today of the opinion rendered by Judge Brown, in the case of the application made by the United States attorney of New York for the removal of Mr. Dana to this district, under section 1014, R. S. U. S., for trial upon the indictment for libel, pending against him here, said that the opinion as published is a lengthy and elaborate one, and that, as yet, he had not been able to give the public that careful reading and consideration by which only its full significance and effect could be ascertained. But that if his impressions of its import derived from a hasty perusal are correct the decision will prove to be a serious embarrassment to the administration of criminal justice in the District of Columbia.

An Abundant Condition of Affairs.

A judge apparently holds, said Mr. Taggart, "that section 1014, R. S. U. S., cannot be availed of for the return of the District of Columbia of persons who have violated the laws of the United States and then fled from it."

It is under this section that such offenders as are indicted in the District of Columbia for trial when found elsewhere in the United States, and said section cannot be availed of for the purpose of returning from the District of Columbia persons who have violated the laws of the United States. If the provisions of section 1014 cannot be invoked elsewhere, who escapes and seeks refuge in a foreign country with which the United States has no extradition treaty, may be apprehended in such foreign country, may be returned to the District of Columbia for trial, whereas, if he happen to locate in New York, after escaping from the District, apparently the federal authorities, under existing laws, would be unable to secure his return to the District of Columbia for trial.

How It Will Work Here.

"It is to be regretted, in view of the serious consequences involved in this decision, that the case did not come before the judge upon habeas corpus, so that it might be reviewed on appeal. If this decision be the law, the sooner it is remedied by Congress the better, for until such remedy is had by Congress, the United States marshal, who is the federal law officer, will be forced to afford an asylum for offenders who have violated the federal laws elsewhere in the United States. If the provisions of section 1014 cannot be invoked elsewhere, in the United States for the return to the District of persons accused of the commission of crime there against the United States, it is only a matter of time before reasons in the District for the return to federal courts elsewhere of persons who have been found in the District and who are charged with the commission of crime against the United States in one of the judicial districts of the United States. The leading members of the United States marshal will become a place of refuge for those who have violated the laws of the United States elsewhere in the United States."

District Attorney Birney Concur.

District Attorney Birney explained that while he had not carefully read Judge Brown's opinion, he coincided with the views expressed by his assistant, Mr. Taggart. The logical, if not the actual, effect of the decision would be, he thought, an increase in the number of persons who would become a place of refuge for those who have violated the laws of the United States elsewhere in the United States.

Another Associated Press Deal.

Superiority of Its News Service Again Shown.

PHILADELPHIA, Pa., June 26.—The Inquirer prints the following editorial this morning: "It is hardly necessary at this late date to comment on the fact that the Associated Press is the greatest news gathering association that ever existed. It is not only the chief news gathering concern of America, but it is the astonishment of the old world. It is a fact that frequently the Associated Press furnishes its readers more foreign news than the associations of England furnish to their papers of domestic intelligence. In a few years there will be a general election, and the Inquirer will be able to give the details of each party and the result of each campaign with completeness as if the election were held in this state."

The incomparable superiority of the Associated Press, which is so often demonstrated, was well shown yesterday morning, when the United Press papers stated that Salisbury would not form a British cabinet at all or would do so under conditions. The real news was given by the Associated Press dispatches, together with the London papers, which has been very difficult problem in completing the utility of the disappearing guns.
